What is GeoBlue Xplorer®?

International health insurance that covers you inside and outside the U.S.

The GeoBlue Xplorer health plan is designed to support the international lifestyles of those who travel to or from the United States for extended periods of business, leisure and study. If you leave home for six months or more, your health and financial security are at serious risk because of significant gaps in most available insurance coverage and services. This risk is only heightened by limited knowledge of health and safety hazards around the world, including medical treatment from unfamiliar providers.

GeoBlue Xplorer is the ultimate international health plan because it combines comprehensive worldwide benefits with a new generation of medical assistance services, which include an impressive array of online and mobile tools to help you identify, access and pay for quality healthcare all around the world.

GeoBlue Xplorer plans provide access to care inside and outside the U.S. that fit your health and travel needs. GeoBlue allows members to travel to other countries for high quality care, including covered elective treatments.
